

Outcomes of the ERGP Focus Labs: Manufacturing & Processing

Goal: The ERGP labs focused on unleashing the Potential of Nigeria's Manufacturing and Processing Sector

Situation:
Nigeria's Manufacturing Sector is made up of 10 Sub-Sectors

- | | | | | | |
|---|---|---|----|---|--|
| 1 |  | Food, Beverage, & Tobacco | 6 |  | Electrical and Electronics |
| 2 |  | Basic Metal, Iron, Steel & Fabricated Metal Products | 7 |  | Pulp, Paper & Paper Products & Publishing |
| 3 |  | Textiles, Wearing Apparel, Carpet & Leather | 8 |  | Motor Vehicle & Misc. Assembly |
| 4 |  | Chemicals & Pharmaceuticals | 9 |  | Domestic, Industrial Plastic & Rubber |
| 5 |  | Non-metallic Mineral Products | 10 |  | Wood, Wood Products & Furniture |

 **Nigeria's Mining Sector** has contributed **less than 10% to GDP** over the last ten years.

 Only **12.3% of mining exports are processed**, with 87.7% exported as raw minerals.

 **Growth of the sector is hindered** by poor infrastructure, unstable power, insecurity and low policy perception from investors.

Solution

ERGP labs have identified **Four pillars** across 6 sub sectors **to be implemented up until 2020**

			
<p>Agro-Allied Boosting the Food Manufacturing Industry; Enhancing the Textile & Garments Industry</p>	<p>Metals & Solid Materials Revitalising Growth of Mining & Downstream Activities</p>	<p>Petrochemical Strengthening the Petrochemical Industry</p>	<p>General Manufacturing Vitalising General Manufacturing New Industrial Park</p>

Projects

<p>4 Breaking New Ground Projects  Investment: \$41m  Jobs: 565</p>	<p>28 New Opportunities Projects  Investment: \$541m  Jobs: 33,006</p>	<p>38 38 Ready Projects Unlocked  Investment: \$8.67bn  Jobs: 344,716</p>
